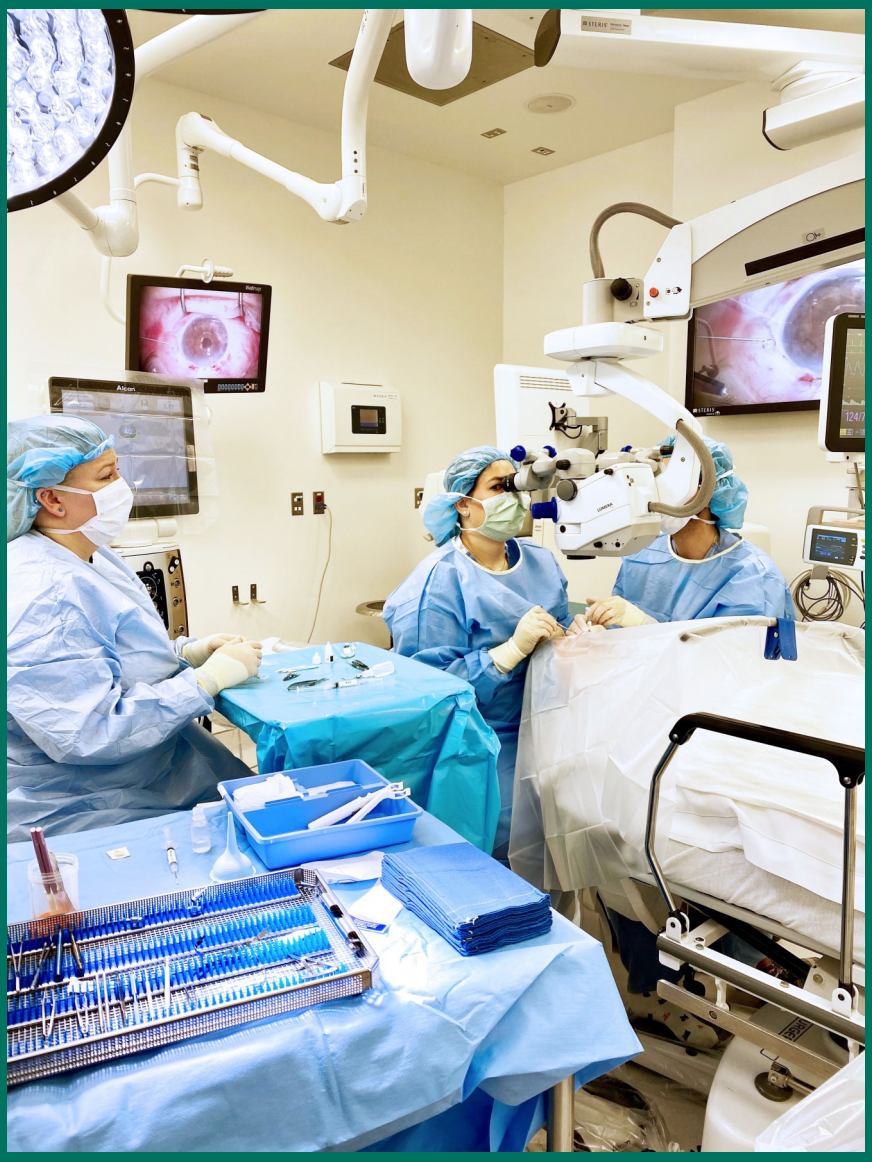
Presented by The John F. Hardesty, MD Department of Ophthalmology & Visual Sciences

Washington University in St. Louis

School of Medicine

34th Annual Ophthalmology Spring Update

32nd Annual Distinguished Alumnus Award Recipient



Saturday, April 15, 2023

In support of improving patient care, Washington University School of Medicine in St. Louis is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credits Available for this Activity

American Medical Association (AMA): Washington University School of Medicine in St. Louis designates this live activity for a maximum of 5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

COPE: Washington University School of Medicine in St. Louis designates this live activity for a maximum of 5 COPE credit hours. Optometrists should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Policy

It is the policy of Washington University School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All planners, faculty, and other persons who may influence content of this CE activity have disclosed all relevant financial relationships with ineligible companies (previously referred to as commercial entities), defined as any entities producing, marketing, re-selling, or distributing healthcare goods or services consumed by, or used on, patients. All relevant disclosures have been reported and mitigated and are indicated with their presentations.

All members of the CME department have nothing to disclose.

Speakers are also expected to openly disclose inclusion of discussion of any off-label, experimental, or investigational use of drugs or devices in their presentations.

Presentations are expected to be based on evidence that is accepted within the profession of medicine as adequate justification for their indication in the care of patients. All scientific research should conform to the generally accepted standards of experimental design, data collection and analysis.

These presentations are not an endorsement of any ineligible companies.

These presentations are the views and experiences of the presenters. The presenters' views do not represent the policy or position of Washington University School of Medicine. Washington University School of Medicine, Continuing Medical Education, is the provider for CE credits.
